MARTEL ELITE VIDEO PRODUCTS

ELITE USA MANUFACTURED SYSTEMS SINCE 1957

Features:

- The Digital Partner 5 HD is a Police car Camera Camcorder in car video system with a Digital wireless microphone that can record police stops from inside the police car and outside. The police officer can use the camcorder outside the vehicle. The police car video systems can be mounted on the visor, or you can have dash mount camera. Martel has been manufacturing police car video systems for over 20 years. The MDP5 HD in car police video is a perfect system for multiuse police departments who need a police mobile video system.
- 2.4 GHz Digital Police car camera Wireless Microphone - 99 digital channels ensures multiple systems can operate in close proximity without interference.
- Transmitter charges inside the cars docking station above the camcorder. Wireless microphone will active the camcorder and start recording remotely.
- Record 21 hours of video directly to a with optional SDHC Memory Card
- 2.7" Touch Screen LCD Display Police Car Camera Controller - for playing back the video from a police stop in the car.
- The display rotates up to 270 degrees for multiple viewing angles, as well as provides sharp, detailed images for monitoring or playback.
- The Digital Partner Police in-car video system has a Light bar activation. a special cable that will automatically put the camera into record mode when your light bar is activated.
- MDP5 police in car video Camera has Super Steady Shot Picture Stabilization System - Picture stabilization system that uses motion sensors to detect and compensate for camera "shake"
- Face Detection technology recognizes faces - and optimizes camera settings for both video and still images, so faces are captured more clearly and skin tones look more natural.
- Hybrid Recording to SDHC Memory Card Media - Hybrid recording technology delivers a new level of flexibility for transferring your video footage and digital photos from the camcorder to compatible to pc or Mac. Record to a removable SDHC Memory.
- Police Car Camcorder has 2000X Digital Zoom / 27X Optical - The optical zoom helps to bring the action close up from far away. In addition, Digital Zoom Interpolation means that extreme digital zooming is clearer, with less distortion than previous types of digital zoom.
- Universal visor mount fits all police cars.
- Police in car Camera Video Resolution : 1920x1080 Full HD
- Optional in cabin suspect microphone (\$149) records the suspects on their own audio channel separate from the officers wireless microphone.
- Size of Police Car Camera: Dimensions (Approx.) : 2 x 2 1/4 x 4 1/2 inch (50 x 55 x 112mm)
- Weight (Approx.) : w/o battery: 6oz (190g), w battery: 8oz (230g)

Specifications are subject to change.
